Stability in the midst of change...Education is facing dramatic change. Parents, educators, legislators and business people today are asking that our schools be held accountable for the task of educating our children. Strong, consistent leadership is needed to accomplish this goal.

After two terms as trustee for the Crestline area, I have gained a greater understanding of the complex issues that face our district and it's children. Our district's budget is balanced. All our high school seniors passed the High School Exit Exam. We continue to recruit and retain the finest teachers and staff.

As a thirty-two year resident of our mountains, I have watched my three children go through the Rim of the World School District, complete college and move on to successful careers as productive citizens. I have seen the growth of our mountain communities and the change that accompanies growth.

As an elder at Lake Gregory Community Church, as a member of the board of directors of Rim Family Services, and as a member of the School Board, my passion is to equip, strengthen and support our mountain families. Allow me to continue this task. Choose stability in the midst of change. Re-elect me on November 7th.
